

## Africa sea-cable specials: anticipating the World Cup

### Unprecedented rates - plus free installation

Explore the service benefits of our network links between Europe and Africa. This applies to connections via the SAT-3, SEA-ME-WE-3 and SEA-ME-WE-4 sea cables.

You get unbeatable discounts on our monthly charges - plus free installation for everybody who signs up for PoP-to-Half-Circuit or PoP-to-End.

Here are just some 2 Mbit/s pricing examples:

PoP-to-Half Circuit	NRC	MRC
South Africa	€ 1,500	€ 2,000
Nigeria	€ 1,500	€ 1,500
Algeria	€ 1,500	€ 1,500
Morocco	€ 1,500	€ 1,000
Egypt	€ 1,500	€ 1,000

PoP-to-End	NRC	MRC
South Africa	€ 1,280	€ 6,650
Nigeria	€ 2,610	€ 6,640
Algeria	€ 2,250	€ 12,180
Morocco	€ 4,770	€ 7,330
Egypt	€ 3,330	€ 5,140

Certain terms & conditions apply. Check with your Account Manager

### The Africa sea-cable connections:

■ End-to-End Services ■ Half circuits coverage

### Corporate Internet

Our Internet services are designed to meet the needs of corporate Internet usage. As well as providing essential Internet connectivity over our own high-performance networks, Corporate Internet delivers key additional business services, from DNS registration to mail and back-up services.

Bandwidth : 2 Mbit/s up to 1 Gbit/s  
 Availability : Europe & the U.S.  
 Options : Full range of access options, managed CPE, three SLAs  
 Contract duration : 1 year min.

**No installation fees**      **At least 30% discount on monthly charge**

cont'd ...

### Ethernet VPN

The Ethernet VPN service delivers LAN-quality performance and reliability across your international communications environment. As one of our next generation network services, Ethernet VPN is based on established and easy-to-use Ethernet technology.

Bandwidth	:	2 Mbit/s – 500 Mbit/s
Availability	:	Europe, the U.S. & Asia
Throughput guarantee	:	99.9%
Options	:	Entry-level or premium class of service, flexible for bandwidth & locations
Contract duration	:	1 year min.

**No installation fee**

**Premium service priced as default**

### Secure Remote Access

With its Secure Remote Access service, KPN International delivers secure anytime/anywhere access to company resources - from any Internet connection worldwide. We use SSL VPN technology to eliminate the user's need for anything except an active browser to achieve a secure connection.

Access	:	Any internet connection, any device, any time
Availability	:	Worldwide
Features	:	Access devices left 'clean' on exit, fully-managed & scalable
Contract duration	:	1 year min.

**No installation fee**

### CPE (Customer Premises Equipment)

**Special offers for all customers not currently taking advantage of managed services.**

*Subject to certain restrictions.*

**Contact your Account Manager for more information on these Specials.**

*All prices are excluding VAT and cost of internal cabling or local tails.*

*The Special offers are valid from September 1<sup>st</sup> through December 31<sup>st</sup> 2009.*
